Enthusiastic Meeting of Wheat Pool Mem- bers and Patrons

V. J. Bertrand and J. Jesse Strang
Address the Meeting

At the Wheat Pool meeting held in Phillips' hall last Thursday evening, Mr. A. E. Starling acted as chairman and introduced the speakers. Mr. V. J. Bertrand, delegate for District No. 7, gave a report on the last delegates' meeting. He requested the meeting to reserve their questions until he had delivered his address, after which he answered all queries.

The second speaker was Mr. J. Jesse Strang, Director of the Alberta Wheat Pool who spoke of matters relating to finance, and also regarding the handling of wheat for non-members or farmers who have not signed the Wheat Pool contract. A resolution was voted on and passed, that non-members hauling their wheat to Pool Elevators and having the elevator system handle their grain, would share in a credit proportionate to the number of bushels of wheat handled, the same as Pool members. This credit at the present time is used to meet obligations in connection with the financing of the Pool. But when these obligations are all met the farmers, with a credit in the elevator system, would naturally share in the resources of the system.

Mr. Strang thanked the patrons who delivered their wheat

Tennis Reorganization Monday, April 11th

The advent of balmy spring brings a complete realization that winter, with its long evenings of enjoyable sport spent in the Curling Rink, has passed. It also draws to mind that the time is here to renew our acquaintances on the Tennis Court where we can get together and thrill to the Song of the Racket.

A reorganization meeting will be held in the Waiting Room, Monday evening at 8 o'clock. All those who are interested are urged to attend and assist in developing the greatest tennis enthusiasm Arrowwood has ever known.

—Unconquerable

Results of Toronto Conservatory Examinations

The following Milo pupils of Mrs. P. H. Coleman were successful in their examinations of the Toronto Conservatory.

Ellen Brinker, Primary Theory. First Class Honors.

Marion G. Coleman, Primary Theory. Pass.

Alma Venieland Elementary Theory. First class honors.

Gerald Haggins, Elementary Theory. Honors.

to the Pool Elevators and also declared the local meeting the most enthusiastic along the line.

Arrowwood Will Ask for Daily Mail

Committee Appointed and a Petition is Ready for You to Sign

On the evening of April 4th Arrowwood citizens met in the Ingraham building to discuss the question of securing a daily mail for Arrowwood.

Mayor Leonard called the meeting to order and on motion was made chairman and Lawrence Larsen secretary.

After some discussion it was decided to interview the "Albertan" and "Herald" with a view to gaining financial support. Then a subscription list was circulated, asking those to sign who would give \$5.00 a year for daily service. Twenty one signed up. A committee was appointed to secure a local mailing list and solicit further subscribers. On motion, Mr. Larsen was made a committee of one to interview the Calgary dailies and a permanent committee of three viz. Larsen, J. C. MacLeod, and Dr. Liesemer were elected to further investigate and negotiate.

Lists are left with Messrs. J. S. Culp and M. R. Leonard and the campaign for signers will begin at once. Mr. Larsen has just returned from Calgary and reports favorable interviews with the papers and their officials.

School Notes

On Thursday, at close of school, a very heated discussion took place during the Literary meeting over the buying of a softball outfit. The outfit was finally ordered to be bought. The girls wanted to play with the boys. The boys were flattered but ruled that out with the ultimate result that two outfits were ordered and the boys must fix up a diamond for the girls to play on.

Mr. J.—"That question is puzzling to you, isn't it?"
Harold—"No, but the answer is."

We wonder why the report sheet inside our envelopes looked so red. We found, however that it was just red circles around subjects that needed more study.

Surprise Party for Mr. and Mrs. R. Williams

On Thursday evening of last week a surprise party journeyed to the home of Mr. and Mrs. R. Williams, the occasion being their wedding anniversary. A very pleasant evening was spent in games and dancing, after which a dainty lunch was served. Among those present were: Mr. and Mrs. R. R. McBride and family, Mr. and Mrs. D. House and family, Mr. and Mrs. T. T. Williams, Mr. and Mrs. R. Fonger, Mr. and Mrs. M. H. Ward and Mr. D. House.

Women's Institute Present Mrs. McKinley With Parting Gift

The regular monthly meeting of the Arrowwood Women's Institute met at the home of Mrs. G. G. Smith on Tuesday afternoon. There was a good attendance. The roll call was answered by suggestions for controlling dust.

After the business was completed, Mrs. Duncan Clarke of Cluny, district convenor, read the report of the district conference held at Lethbridge recently.

A splendid paper was given by Mrs. Leonard on Canadianization followed by demonstration of making button holes, which was given by Miss Verna Ingraham.

A pair of silver salt and pepper shakers were presented to Mrs. E. B. McKinley for her faithful work in the Institute during her period of residence in Arrowwood.

Mrs. C. E. Johnston assisted the hostess in serving refreshments.

The five dollars donated for prizes by the Board of Trade, Calgary, is open for all children competing in the Arrowwood School Fair and will not be confined to Arrowwood school only.

F. Wellington Hay, leader of the Ontario Liberal party from 1921 until 1923, and a member of the federal parliament from 1926 to 1930, died from heart failure at his home at Listowel, Ont., on April 1st.

P.-T.A. to Hold Social Evening

The regular monthly meeting of the P.-T.A. will be held at the School on Monday at 8 p.m. This will be a social evening and everybody is invited to be present. Following is the program:

1. School Number—Duet by Dorothy Hesketh and Raymond Lewendon.

2. "The place of Athletics in the School," Mr. McCullough.

3. Vocal Number—Miss I. Mackie.

4. Address on "The Spiritual Side of the School Life of the Child," Rev. V. M. Gilbert.

5. Reading—Miss LeBeau.

Arrowwood Hockey Boys Entertained at Gleichen

Ernie Norton and Jack Roberts were among the guests entertained by the citizens of Gleichen at their hockey banquet held in the Community Hall on Tuesday evening, April 6.

Gleichen Gunners have had marked success and the community may justly be proud of them. And those who planned both banquet and program carried out their task in a most pleasing manner. The seating was tastefully arranged. On the east side of square of the tables sat the speakers and parents of the hockey boys. On the other three sides the citizens

C. G. I. T. Spent Saturday in the Country

Last Saturday morning the Junior C.G.I.T., under their leader Miss Verna Ingraham, and with half a dozen boys of the Sunday School as their guests, left town on a hike to the river. By the time the hikers reached the river they had forgotten that they had eaten any breakfast, so lunch was served, and say, how they did eat. The hikers are now

firmly convinced that a good brisk walk in the fresh air is a better appetizer than a dose of catnip or ginger tea. After lunch was over and when some of the heaviest eaters were able to bend, a jolly baseball game took place. The afternoon was spent in playing various other games. About six o'clock they left for their homes.

Our Hike

It was Saturday morning at ten o'clock
That we met at Verna's back door,
We had a good lunch taking all in stock
But we certainly wished we'd had more.

There were six of the boys from the Sunday School group.
The rest were the C. G. I. T's.
We all had a great lot of fun enroute
As you can easily see.

We hiked to the river that windy day,
We looked like a large cavalcade,
You might have thought we were going to stay,
But we came back along the same grade.

We had a good game of baseball,
And then one of Run, Sheep Run,
After this we had a good lunch,
Then we're off for some more fun.

It was six o'clock ere we thought to start,
Back to the old home town.
We had a drink and a lunch by the hills
Which made our appetites keener still.

Mr. Gilbert came down the road in his Chev.
And we hailed him in high glee,
Then Bruce drove back to Arrowwood
With the girls of the C.G.I.T.

What About Our Mail?

"We never miss the water till the wells run dry," but having once used it, to do without is a positive injury. And it requires some stretch of imagination to picture people on the islands north of Scotland still praying for King George six months after he died.

And there is some difference between the old store keepers going up to the wholesalers in Montreal and buying their supplies six months in advance and the modern commercial man with his weekly calls. And we would not go back to the good old days. So with our mails, the weekly or semi-weekly mail was excellent in the early days of the west, but we have outgrown that and we rightfully feel, that a better service is necessary.

But we are not to be surprised if the government as well as the C. P. R. find it necessary to limit the service. Cut in wages, offices closed, dismissed clerks and services discontinued has marked the last twelve months of government activity. Any step to increase expenditure is going counter to the present movement.

And yet the move is justifiable and quite within the range of possibility if properly approached. Our governments have done more generous deeds than giving Arrowwood daily mail, even in times like these. But to dictate is to alienate. All honor to those citizens who quietly suggested that the government be petitioned with the offer of financial assistance from the community. A bit of quiet lobbying with a rational presentation of facts will go a long way in gaining our end. Calgary is our centre and we need better service between here and there. And we want to tell our committee that we are at their backs and wish them every success in their task.

UNUS SOLUS

The startling discoveries of radium and silver at Great Bear Lake, as well as many other important topics, are to be discussed in the technical sessions of the annual meeting of the Canadian Institute of Mining and Metallurgy in Montreal on April 5, 6 and 7. A part of the proceedings is to be broadcast.

Seventy Atlantic crossings in the ships of one company is the record of C. H. Williams of Toronto who this month reached the three score and ten mark in the Canadian Pacific Duchess of Atholl. He is not yet 45 and has been crossing regularly in Canadian Pacific liners since 1912.

The Governor General, Patron of the Canadian Institute of Mining & Metallurgy, will attend the annual meeting in Montreal on April 5, 6 and 7. It has been arranged that his address to the assembled mining men will be broadcast to all quarters of the Dominion for the benefit of those who cannot attend the meeting.

Health Service

OF THE
Canadian Medical Association

Edited by

GRANT FLEMING, M.D. — ASSOCIATE SECRETARY

Heart Disease

Heart disease is now the chief cause of death. In older persons it frequently represents the final wearing out of an essential organ. Heart disease is however, prevalent among young persons, and it is a serious condition in that it cripples the individuals, to a greater or less extent, during what should be his most useful years of life.

Heart disease of children and young people is often due to an infection of the heart during rheumatic fever. Rheumatic fever may occur in young people, without painful joints and yet, at the same time damage the heart. So it is that there are many individuals with damaged hearts, due to rheumatic fever, who never knew that they had the disease.

It is because of such possibilities that parents should regard seriously the sore throat, growing pains, feverishness, or even the state of just not feeling well, of their children. We do not suggest that they should be fussy or become unreasonably alarmed, but merely consider such conditions seriously in the sense of finding the cause.

It is obvious that if damage to the heart is to be prevented the condition must, first of all be recognized and then properly treated. We have learned that long periods of rest are essential. Just as rest is the basis of all treatment in tuberculosis, so is it the foundation to prevent or to minimize heart conditions growing out of rheumatic fever.

The most important point in connection with heart disease in adult life is that it be detected in its early stages. Those individuals who make it a practice to have a periodic health examinations will have any abnormal heart condition dis-

covered in good time. Otherwise its detection depends upon each individual's going to his doctor when there is any sense of lack of his well-being. It must be understood that, in the early stages of heart disease, the symptoms may be slight.

In general, when heart disease has developed, the first thing to be done is to give the heart a rest and allow it to regain its strength. This means complete rest in bed and it can be said that there is no medicine which takes the place of rest. Medicine is useful in its proper place but it is secondary to rest.

The next point is that persons who have developed heart disease must regulate their future lives to the capacity of their hearts. This is not an easy thing to do for the mother of young children or the man who earns his living by manual labor. There is, however, no known means whereby the heart can be protected from further breakdowns other than calling not upon it to do more than it is capable of doing in its damaged condition.

The largest shipment of Government-approved, cockerels for any one breeder or hatcheryman in Canada arrived recently by Canadian Pacific special at Fergus, Ont., from Winnipeg to the order of J. G. Twiddle, of the former city. The birds were selected by government inspectors from the choicest flocks from British Columbia to Nova Scotia. During the last four years Mr. Twiddle has shipped an average of 200,000 chickens to various points between the Atlantic and Pacific.

Competition between truck and railroad service is shown in a new article by a letter recently to a Reading paper, "Labor." A cattle raiser of Nebraska, Nebraska, tried out both methods, shipping cattle by truck and by railroad. On the railroad there was a shrinkage of 21 pounds for each animal; by truck there was a shrinkage of 98 pounds each. What the raiser saved on freight he much more than lost on the animals shipped by truck, where the value of the shrinkage amounted to \$13.14 on each animal. (619)

Arrowwood Hockey Boys Entertained By Gleichen

(Continued from page 1)

and guests surrounded the boys' table on the centre. At the head of the boy's table was the D. E. Black Cup. Two hundred gathered to do honor to the boys.

The local orchestra of twelve pieces under the efficient leadership of J. Eglese gave a good program of music. The toast master was Jas. Black of the Canadian Bank of Commerce. The program opened with the singing of the National Anthem. Then the toast master read a number of telegrams and letters of congratulation and regret including one from Dr. Hardy, president of the Association. Mr. King represented the Association in presenting the cup, gave a short history of the Allen Cup of which he was a one time trustee. Mr. McConnell graciously accepted the cup on behalf of the boys and drew attention to the need of a covered rink. A very pleasing entertainment was provided by Helen Kelly with her Scotch Songs. Mayor Fates then presented each of the players and Manager Moss with individual cups. The enthusiasm was keen as each lad stepped forward and took his trophy. He expressed the gratitude felt by Gleichen people for help received by boys from outside ports and all rose and thanked the players from Arrowwood, Bassano and Cluny. Mr. Bond, Bassano, responded to this toast and stressed the fact that these towns felt it their duty, since they had not a majority of players, to support the town which could provide that majority. Manager Moss spoke on behalf of the boys and Mr. Black supported the suggestion for the covered rink.

Mr. Purcell proposed the toast to the Ladies to which Mrs. R. W. Brown responded. It was Mrs. Brown who organized the banquet and whose home has provided more players for the Gunners? Mr. G. Gooderham moved a vote of thanks to the entertainers and the committee.

This part of the program was followed by a quiet dance, the music being provided by the local boys.

Repeatedly gratitude was expressed to outside points and Arrowwood held an honored place among guests and supporters.

A Time-Saver When Time Is Money

**John Deere-Van Brunt
Pony Press Grain Drill**
Furnished with Pulverizer-Packer
—or Tongue Truck

Here is the new John Deere-Van Brunt seeding outfit that is making it possible for one man to do a once-over job of plowing, pulverizing, seeding and covering. It is built to do a good seeding job while working directly behind your John Deere three-bottom tractor plow.

The complete outfit consists of the well-known John Deere-Van Brunt Low-Down Press Drill and a special pulverizer-packer attachment which runs ahead of the drill, crushing the lumps and removing air spaces just before the seed is deposited.

The pulverizer-packer attachment takes the place of the regular tongue truck on the John Deere-Van Brunt Pony Press Drill. It is either furnished as an extra, or as a part of the complete machine.

You can turn short corners with this outfit; pulverizer and drill always follow plow. There is very little side-draft and no added weight on the plow beams as hitch is made direct to plow hitch instead of to main body of plow. The drill is controlled from the seat of the tractor; the gear throw-out attachment permits the driver to throw the drill in or out of gear by simply pulling the rope attached to it.

The drill is built strong, to give long, dependable service. Has the same Adjustable Patented Gate Force Feeds and other features which identify John Deere-Van Brunt drills and insure satisfaction to the user.

We recommend this outfit when it is advisable to plow and seed at the same time.

Come in and get further details.

Here and There

Announcement was made on March 31st that the French legislative elections will be held on May 1 and 8.

The fiscal year of the Dominion which closed March 31 has been a bad one financially. It will be nearly a month before accounts are wound up, but meanwhile, when Hon. E. N. Rhodes makes his budget speech next week he will have a deficit of more than one hundred millions to report, and this without reference to the financial situation of the Canadian National Railways.

As soon as a bill now being rushed through the Manitoba legislature is passed, the Province of Manitoba will offer a \$5,000,000 bond issue. It is expected the issue will be sold in Canada and will be payable in Canadian funds.

All danger of loss to the province over its wheat pool guarantees of \$5,536,707 will be removed in three or four years, providing that operations of the pool continue to be as successful as during the 1931 crop season, declared Premier J. E. Brownlee, speaking in the legislature recently.

Alberta made a new record in 1931 in shipping eggs out of the province, a total of 200 car loads going to outside points or some 50 carloads more than the previous record of 1924.

As forecast some weeks ago no plebiscite on the question of the abolition of beer halls will be taken by the government this year but promised that one would be taken in 1933.

Homestead entries in March totalled 209, the Edmonton office leading with 141. The two northern offices came next Peace River with 37 and Grande Prairie with 31. Second homestead entries included the total numbered 20, and there was one soldier grant. Women's entries accounted for 55 of the entire number.

The accidental discharge of a gun which he was carrying caused the death of Zibre Hoefler, 14 year old son of Mr. and Mrs. A. Hoefler, residents eighteen miles southeast of Carn-duff, on Saturday afternoon, when the bullet from the weapon pierced his heart. The youth was hunting at the time.

Commenting on the reduction of steamship fares as announced recently, V.A. Bowes, assist. passenger agent for Canadian Pacific Railway, Calgary, pointed out that it also meant much less cost in railway travelling.

"Taking advantage of the summer excursion fares which comes in effect May 15," he said "it will be possible for a person to secure a round trip passage from Calgary to the Old Country for a little over \$286 for tourist class on the boats and \$328 cabin class. These are considerable reductions on straight oneway fares.

Mr. Bowes stated that the new time table for the summer months would commence May 1, affecting mainly main line trains.

Easter Sunday, March 27 1932, was the earliest Easter, since 1921 when it fell on the same date. Easter was on

March 23 in 1913 and in the normal course this will not occur again for a hundred years, nor will Easter be so early as this again until 1940.

Montreal, April 4.—Dean of Presbyterian ministers of the Dominion, Rev. Dr. James Patterson, aged 102 died here today. Dr. Patterson retired from active church work in 1917 at the age of 87, but followed church affairs very closely since his retirement and enjoyed good health until a short time ago.

Born in Scotland in 1830 and coming to Canada in 1857 Dr. Patterson lived through a great part of the nineteenth century and well into the twentieth.

When Dr. Patterson was born in the West Barony of Kilsyth, George IV was on the throne. When he came to Canada at the age 27 Confederation was still ten years off. Dr. Patterson was ordained into the Church of Scotland ministry at Dunoon.

Buffalo Hill News

Dick Broderick and Donald Brinker celebrated the arrival of spring by doing some breaking last Thursday. They are probably the first to work on land in this district this spring.

Work on Mr. Jennyjohn's boat is still progressing and reports have it that it will be a credit to the builder.

The auction sale at Frank Lents on Monday was very well attended, but owing to the scarcity of money, Auctioneer Rebbe had to work hard. The machinery and harness went cheap. An eight year old horse brought \$33 and a twelve-year old went for \$20. Roy Fulton was the clerk.

Notice of Preparation of ASSESSMENT ROLL

Village of Arrowwood

NOTICE is hereby given that the assessment roll of the village of Arrowwood for the year 1932 has been prepared (last years assessment having been adopted by resolution) and is now open for inspection at the residence of the Secretary-Treasurer of the Village—from 10 o'clock in the forenoon until 4 o'clock in the afternoon, on every day which is not a public holiday except Saturday and on that day from 10 o'clock in the forenoon until 2 o'clock in the afternoon and any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of any property or to the assessed value placed on any property must within thirty days after the date of this notice lodge a complaint in writing with the Secretary-Treasurer of the said Village.

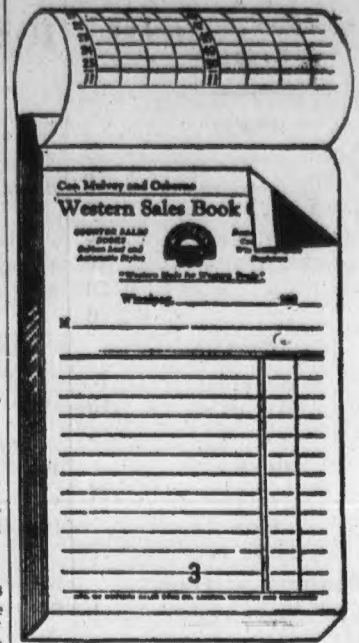

Dated this 17th day of March, 1932.

T. S. BOARD, Sec.-Treas.

Here and There

There are 77 mills in Canada in the Cotton textile industry from which the annual value of production, according to latest available figures, is \$58,587,366.

An outstandingly popular sport at Banff is the bathing in the hot sulphur pools operated by the Banff Springs Hotel and the Canadian Government. Last year 89,000 people used the pools.

Two Alberta speed skating records were smashed at the recent Banff Winter Sports Carnival. The 220 yards event was won by A. E. Hardy, of Saskatoon, in 29 seconds flat, 4-5 seconds better than the former Alberta record. The Three mile event was also taken by Hardy in 9 minutes and 2-5 seconds, being 23 and 3-5 seconds less than the former Alberta record. Miss Margaret J. Nicol, of Drumheller, was elected Carnival Queen and will reign over the Banff Winter Sports Carnival of 1933.

Travellers in Canada at Easter-tide will have the benefit of the same ticket privileges as were granted them at Christmas, according to a recent announcement made by the Canadian Passenger Association on behalf of the Canadian Pacific and Canadian National Railways. This concession will be fare and a quarter for round trip generally to the travelling public, between Thursday, March 24 and Sunday, March 27 with return available up to Tuesday, March 29.

Fifty-seven 10-year leases of salmon and trout fishing rivers, lakes and streams in New Brunswick will be put up to public auction at the Parliament Building, Fredericton, April 7 next, at upset prices ranging between \$25 per annum and \$12,000 per annum, is the announcement of Hon. L. F. D. Tilley, provincial Minister of Lands and Mines. They represent the pick of salmon fishing facilities on this side of the American continent.

Customer—How is it that the quail on your bill of fare is always struck off?

Waiter—That's just a fancy touch. We never had a quail in the joint.

REASON FOR CONFIDENCE

"I have great confidence in Jones."
"That so?"
"Yes. I had a good 10-cent cigar used in my vest pocket the other day and he didn't reach over my hand."

Happenings In and Around Arrowwood

Myrna Lord returned home Thursday after spending a few days with Kathleen Thompson.

Miss Edna Beagle spent Easter holidays with her sister, Mrs. J. Mackie of Carlsland.

Malcolm Taylor is indisposed at the present time, suffering from an attack of flu.

Commencing Sunday, April 10th service in the R.C. Church will start at 9:30 a.m. instead of 10 o'clock.

The Jr. U.F.A. will hold their regular meeting on Tuesday, April 12, at 8 p.m. at the home of Mr. and Mrs. J. Mason.

Miss Rosemary Lord spent the Easter holidays at home of Mr. and Mrs. E. Campbell of Mossleigh.

P. L. Fike has been unable during the past week to attend his milk business owing to his having to go to Calgary for special medical treatment.

The Young People of Arrowwood are entertaining the Young People of Gleichen at Phillip's Hall on Friday evening.

Strictly fresh eggs always on hand at Frank Johnston's at 2 dozen for 25 cents.

Mr. Bishop is confined to his home due to a heavy cold. It is expected that he will be around again in a few days.

If you have something to paint or a room to decorate, see Jack McHugh. First class work done at popular hardtime prices.

A sale of Home Cooking, Aprons and serving of tea will be held on Saturday, April 16th, by the Ladies of the Brethren Church in the Ingraham building.

The Catholic Altar Society will meet at the home of Mrs. F. E. Bellon Tuesday April 12th. All members are requested to attend.

Panther Wins Approval

Simplex Piston Ring Co., Cleveland, Ohio, Gentlemen:

Report on first set Panther Rings on Model A Ford. This car has gone 20,000 miles and has always had good care. With the regular equipment rings it used 1 quart of oil to 150 at 55 M. P. H.

We installed a new set of popular make in this motor these rings and at 55 M.P.R. used 1 quart of oil to every 50 miles. Hows that? Well, that ring is not popular with us now.

Then we put Panther rings in this motor. The car just returned from a 600 mile trip from 55 to 60 M.P.R. and we did not have to add any oil. The same oil has been used on all these tests. This motor is in good condition. Three thousandths cylinder taper is the most any cylinders have. We are sure pleased with Panther on this job.

Yours respectfully,
S. R. Brenaman,

H. ANDERSON
Arrowwood - Alberta

The regular meeting of the P.T.A. will be held on Monday, April 11th.

Mrs. Rainville entertained a few ladies to tea last Saturday.

Mr. K. Martin of Mossleigh was a visitor in Arrowwood on Wednesday.

A whist and bridge drive and dance will be held in the Shoudice Community hall on Friday, April 8th. Lunch served. Gents 25 cents, ladies free.

The Ladies' Aid met at the home of Mrs. H. Brown on Meh. 31st. Twenty-one answered the roll call. A committee was appointed to arrange for the sale and tea to be held April 16th, in the Ingraham building.

The Ice Cream Parlor formerly owned and operated by the McKinleys has been purchased by Allen Phillips and will be opened on or about April 20th. Miss Kathy MacLeod will be in charge.

A well attended and enthusiastic meeting of the U.F.A. was held in Phillips' hall last night. Mr. Norman Priestly delivered an interesting address. A report of the meeting will be published next week.

Dr. E. J. Liesemer attended medical clinics held in Calgary this week, under the auspices of the Alta. Medical Association and Calgary Medical Society.

Misses MacLeod Entertain Friends

The Misses MacLeod were at home to a number of their friends from Queenstown and Arrowwood, on Thursday, Mar. 31st. Among those present were Agnes, Louise, Vincent and Mr. Rubbelker Dorothy and Ford Mallett, Hazel and Lester Miller Pearl Solley, B. McCabe, M. Palmer, Mr. McCallum, George Kettie, Frances and Jean McBride, Ruby Ward, Marjorie Leonard, Willa Leith, Carol Christenson, F. House, L. Sherman, A. Phillips, B. McKinley, E. Larson, E. Ross, J. Chisholm.

Here and There

There are over 450 miles of motor highways, 100 miles of roads, 2,492 miles of trails and 1,100 miles of telephone lines in the twenty national parks of Canada, which cover an area of over 13,800 square miles in different parts of the Dominion.

San Francisco was en fete recently when the Canadian Pacific liner Empress of Britain arrived there from Honolulu for a two day stay on her 128-day winter cruise of world ports. About 80 additional passengers joined the ship at San Francisco and another fifty at Los Angeles for the last lap of her voyage through the Panama Canal to New York.

"The Mineral Position of the British Empire" is the suggestive title of a paper by Dr. Charles Camsell, Deputy Minister of Mines, which will be the leading topic for discussion at the annual meeting of the Canadian Institute of Mining and Metallurgy, in Montreal on April 5, 6 and 7. This same topic will provoke much discussion at the forthcoming Imperial Economic Conference.

Belief that economic conditions were gradually improving and that the forthcoming Imperial Economic Conference at Ottawa would be one of the big historical events in the development of the Dominion, was expressed by Senator Gideon Robertson, former Minister of Labor, who sailed on S.S. Montcalm from Halifax recently as Canada's chief delegate to the 16th annual conference of the International Labor organization at Geneva.

AN APRIL MORNING

Once more in misted April
The earth is growing green,
Along the winding river
The plummy willows lean.

In every wooded valley
The buds are breaking through,
As though the heart of all things
No languor ever knew.

The golden-wings and bluebirds
Call to their heavenly choirs,
The pines are blue and drifted
With smoke of brushwood fires.

And in my sister's garden,
Where little breezes run,
The golden daffodillies
Are blowing in the sun.

—Bliss Carman.

The WAGIN' TUNG

Vol. 1, No. 34 Arrowwood, April 7, 1932 Items for Thought

The rush is on in the seed cleaning business. It is much cheaper to own your own machine than to hire the work done. We have the cleaners in any style that you may desire, Carter's, Viking's or the straight fanning mill.

For grading of a sample for seed the Viking mill with rolls can do you a job equal to any mill at the cost of a fanning mill.

"Once Over and it's all Over"--- leaving the stubble on the surface to help prevent soil drifting.

Forty cent wheat must be produced at minimum operation costs; these are reduced mostly by making fewer trips across your fields. A **Tiller Combine** combines from three to four trips into one and does a better and more efficient job of killing weeds, tilling the soil, and

Lubricating Oils for your Spring Requirements---

We have them in all S. A. E. grades at a price to meet all competition and second to none in quality and lubricating performance.
